MERYL STREEP'S THREE THINGS TO DO WHEN YOU VISIT THE TWIN CITIES

"I'm not an expert, since I was only here for 10 days, but i did have a really good time," says the "A Prairie Home Companion" star, who offers these summer specific recommendations:

- 1. Visit vintage clothing shops.** "I hate to shop, but my daughters were here with me and they love shopping, so we went. And I would say people need to hit the vintage clothing stores — Tatters and those stores. We found lots of good stuff."
- 2. Plan your trip during thunderstorm season.** "The thunderstorms here are wild, nothing like the storms we see in New York or anywhere else. When we were here last July, we saw some amazing storms."
- 3. Nosh at Punch Pizza.** "I know people think I can't shut up about this, but that honestly is the best pizza I ever ate. I went to Italy right after I finished ('Prairie Home'), and I didn't find any pizza that was as good."
